1. Savio
 2. Rodrygo
 3. Yan Couto
 4. Nico Williams

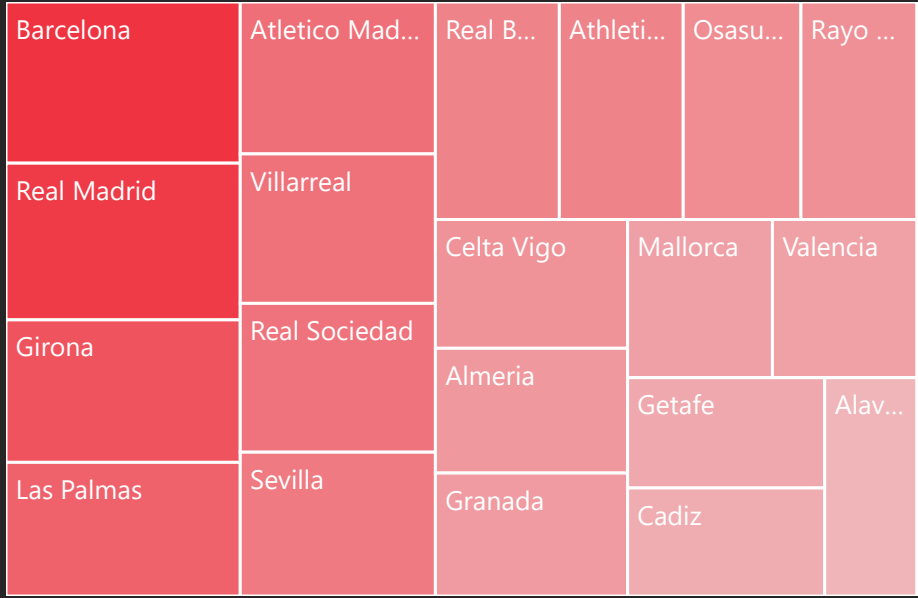

Higher Distance covered with passes shows that teams frequently move the ball and pass, their game is possession based before the final pass is played.

Lower the Distance covered shows that teams are more direct in attack and have low frequency of passes, will have good runners/Ball carriers all around.

The stat depicted by the following tree map, shows the distribution of total distance by each team. This distribution iustifies the playing style as well.
